SPEAKER BIOGRAPHY:

Peter Mantel, Deputy Managing Director, Transas

Peter Mantel, currently the Deputy Managing Director of Transas Ltd. has been one of the original Electronic Charting pioneers, long before the implementation of GPS. He joined Transas in 1994, opening and establishing their US based HQ in Seattle, WA.

He has a long career in the maritime industry, a graduate from the Dutch Maritime Institute (WBS), serving the Dutch Merchant Marine on various different cargo vessels for more than 8 years. He continued his career in the Maritime Industry after leaving the High Seas and has worked in the marine industry in various different commercial positions on various different continents. During his time in the US he earned an MBA from CSU.
